

AP[®] Short-Answer Response Booklets

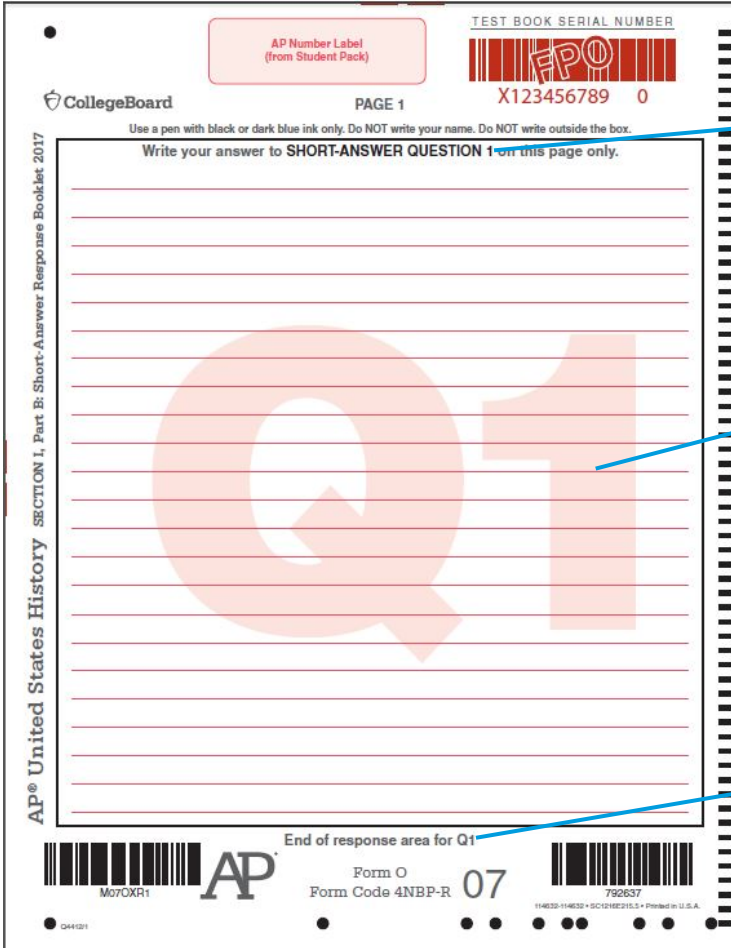

Important reminders for completing short-answer responses

Write each response only on the page designated for that question.

- One lined page is provided for each short-answer question.
- The question number is printed as a large watermark on each page, and also appears at the top and bottom of the response area.

Keep responses brief – don't write essays.

- The booklet is designed to provide sufficient space for each response.
- Longer responses will not necessarily receive higher scores than shorter ones that accomplish all the tasks set by the question.

The image shows a page from an AP Short-Answer Response Booklet. At the top left is the CollegeBoard logo and 'PAGE 1'. To the right is a red box labeled 'AP Number Label (from Student Pack)' and a barcode with 'TEST BOOK SERIAL NUMBER' above it and 'X123456789 0' below it. The main response area is a large rectangle with horizontal lines. A large, faint watermark 'Q1' is centered on the page. At the top of the response area, it says 'Write your answer to SHORT-ANSWER QUESTION 1 on this page only.' At the bottom of the response area, it says 'End of response area for Q1'. At the bottom of the page, there are two barcodes, the AP logo, 'Form O Form Code 4NBP-R 07', and '792837'. The page number '04121' is at the bottom left.
