

# 2014 AP Online Provider Code List

April 2014

## **ATTENTION ALL PROCTORS:**

**This AP Online Provider Code list replaces the list from pages 7–9 of the *2014 AP Student Pack*.**

- Before exam day, if you know that you have many students who prepared for an AP Exam through an online course or exam review, provide those students with their online provider codes and ask them to remember their codes for exam day. This will save you time on exam day.
- On exam day, during the General Instructions, when you come to the paragraph about answer sheet Item G on page 15 of General Instructions I or page 21 of General Instructions II, ignore that paragraph and read the following script instead:

**Item G, the Online Provider Code, should be completed by anyone who has prepared for this exam by taking an AP online course or exam review. By completing Item G, you grant the College Board permission to share your exam score with the online provider. If you know your online provider code, print the code and fill in the circles in Item G. If you do not know your code, raise your hand, and I will bring the Online Provider Code list to you so that you can locate your provider and code.**

If a student's online provider cannot be located in the list, the student should leave Item G blank and call AP Services after the exam (see page 5 of the 2014 AP Student Pack for contact information).

Ask the students to look up when they have completed Item G. Then proceed with the rest of the general instructions that are printed in the AP Exam Instructions book.

# Online Provider Codes

If you prepared for this AP Exam by taking an online course or exam review from one of the providers listed below, please write in the provider's three-digit code and fill in the appropriate circles on your answer sheet, on page 1, in Item G. By filling in this code, you grant permission to the College Board to share your AP Exam score with all groups responsible for the production and delivery of the online course or exam review you took.

**Note:** This list replaces the one on pages 7-9 of the 2014 AP Student Pack.
