家の中で色々なことができるけど、家の外でも色々なこともできると思います。家の中でことと家の外のことについて比べています。

まず、家の外で色々なスポーツをできるけど、家の内でスポーツをあまりしないんです。外ではバスケットボールとか野球とかサッカーができるので、とても楽しいんです。でも、家で、それはできないし、両親はちょっと怒るし、家でスポーツをするのはダメです。

第二目は、外でも家でも友達と色々なことをできるんです。家で友達と一緒に料理を作ったりビデオゲームをしたりできて、外では一緒にスポーツもできるんです。

最後に、雨が降るなら、外でスポーツや運動できないんです。例えば、スポーツをしたいなら、晴れが降るの外に行けないので、困ります。でも、ビデオゲームをしたいなら、家の外に行けなくても大丈夫で、家ではビデオゲームをしたり、本を読んだりできるんです。

私にとって、家でより外の方が一番いいと思います。外の方がいろいろなことをできるし、体にいいアクティビティができるし、とてもいいんです。以上です。

これから、私は外にする事と中にする事を比べてみます。両方ともいい所と悪い所があります。

まず始めに、外にする事はいろいろな違うアクティビティがあります。例えば、散歩をしたり、ハイキングをしたり、する事ができます。外のいい所は環境を見えます。でも、天気が悪いなら、どこでも行けません。

次に、中にする事ももうたくさんあります。例えば、買い物をしたり、ビデオゲームをしたり、映画を見たり、するできます。それに、建物の中にいますから、天気を心配しなくてもいいです。特に、夏にはとても暑いですから、中にいるのがいいです。

第三に、たいてい町はこんでいますから、外にするできな事があまりあります。外に出たいなら、田舎のところはいいと思います。

最後に、私の意見は中にする事の方がいいです。私は外があまり好きじゃないですから。

2016 SCORING COMMENTARY

Presentational Writing: Compare and Contrast Article

Note: Student samples are quoted verbatim and may contain grammatical errors.

Overview
This task assesses writing skills in the presentational communicative mode by having students write an article for the student newspaper of a school in Japan. It comprises a single prompt in English, which identifies two related topics and details how they should be discussed in the article. Students are given 20 minutes to write an article of 300 to 400 characters or longer. The article receives a single holistic score based on how well it accomplishes the assigned task.

Sample: A
Score: 5

This article addresses all aspects of the prompt, including an expression of preference and reasoning. It is well organized and coherent, with a progression of ideas that is generally clear. This is aided by the use of transitional elements and cohesive devices including まず, 第二 (番) 目は, 最後に, でも, and 例えば.

In terms of delivery, the response exhibits an ease of expression despite infrequent and insignificant errors in orthography and mechanics, including 家の中でこと in the first paragraph, which should be 家の中のこと; and in the second paragraph, スポーツをできる should be スポーツができる. The error of using を instead of the correct が is repeated in the following section. In the final paragraph, 家より外の方が一番 should be 家より外の方が一番.

The use of kana orthography is inconsistent, with sporadic errors such as スポーツ should be スポーツ and アクチビーテ should be アクティビティー. Additionally, in the final paragraph, 思います should be 思います.

A variety of vocabulary and idioms are used, including: 野球, 両親, 怒る, 料理, 運動, 困ります. The response exhibits the appropriate use of various grammatical and syntactic structures, with sporadic errors in more complex structures including 雨が降れるなら for 雨が降ったら (this same error occurs a second time with スポーツをしたいんなら, 雨が降るので, which should be 降ったら). There is a missing nominalizer in スポーツをするはダメ, which should be スポーツするのはダメ.

The response displays a consistent use of register and style appropriate to the situation, with occasional lapses. Overall, this response suggests an emerging excellence in presentational writing. The response could have earned a higher score had it contained fewer orthographical errors and more complex grammatical structures.
This article addresses all aspects of the prompt, including the expression of preference and reasoning.

The task compares locations and activities with a statement of preference and a basic reason provided. The information is generally organized through the use of transitional elements, an opening and a conclusion, such as まず始めに, 次に, 第三に, and 最後に.

Instances demonstrating strained or unnatural flow of expression do not interfere with comprehensibility. For example: 外にする事と中にする事 should be 外でする事と中でする事, 天気が悪いたら should be 天気が悪かったら, ビデオゲームをあそったり should be ビデオゲームで遊んだり, 映画を見たり, するできます should be 映画を見たりすることができます, and 外にすることができる事があんまりあります should be 外でする事があんまりありません.

Errors in orthography generally do not interfere with overall readability. For example, the meaning of アクティバティ can be easily understood. Some AP kanji are not included for あそび(遊び), ところ(所), and いい(良い).

The response uses appropriate but limited vocabulary and idioms. Grammatical and syntactic structures are mostly limited to simple structures with one or two more complex structures used: 散歩をしたり; ハイキンをしたり; する事ができます and 建物の中にいますから; 天気を心配しなくてもいいです.

There are some particle errors such as 外に, which should be 外で; 環境を, which should be 環境が; and どこでも, which should be どこでも; 中にする事, which should be 中をする事; 夏には中にいるの, which should be 夏には中にいる方; and 外にいたたら, which should be 外にいたいなら. However, such errors do not significantly impair comprehension.

This is a good response which demonstrates basic competence in presentational writing. The response could have earned a higher score had it contained more accuracy in complex grammatical structures, fewer particle errors, and better orthography.
Sample: C
Score: 2

This response addresses the prompt marginally through discussion ofアウトサイドのスポルタ (outdoor sports) andインドのスポルト (indoor sports). The terms are generally comprehensible despite orthographic errors in their katakana presentation. The student has expressed a preference in the sentenceアウトサイドのスポルタをよい方がいいですと思います, but there is no reason provided for the preference and three fully realized points of comparison are also not present.

Information is scattered and lacks coherence in places. Instances of strained expression and unnatural flow are present, and frequently interfere with comprehension such as inでも、ソッカとテニスとバスバールがよいをします (でも、サッカーとテニスとベースボールをよくします). Frequent errors in katakana orthography that can impair readability are present: スポルタ (スポーツ); ソッカ (サッカー); テンイス (テニス); バスバール (ベースボール); インド (インド), as well as in hiraganaでもう and いと (あと).

The response exhibits a limited control of grammar and syntactic structures, and this frequently interferes with overall comprehensibility and results in fragmented language.

This is a weak response which suggests a lack of competence in presentational writing. The response could have earned a higher score had it contained better control of grammatical and syntactic structures, and had it included the required elements.
