CLEP®

CollegeBoard

Reach your college goals by taking CLEP® exams.

Subject:

Save on Tuition and Save Time Toward Your Degree with CLEP Exams.

Body:

What you already know can take you farther than you think. Maybe you took algebra in high school or speak Spanish fluently. Maybe you have professional work experience. If so, consider taking a **CLEP** exam.

CLEP exams are accepted by most colleges and universities. They can get you college credit for what you already know, for a fraction of the cost of a college course. They're a convenient way to lower your tuition and gain access to higher-level college courses sooner.

CLEP is flexible and fits into your schedule: you can get ready for the exams and take them on your own time. And here's something important to know. CLEP is a low-risk way to earn college credit. Each exam takes just 90 to 120 minutes to complete, and there's no penalty if you don't pass.
