# Auto Call Script

Make sure parents know all the ways the PSAT 8/9 can benefit their child. If you have automated calling for your school or district, spread the word with this easy call script. Remember to include details on any information sessions you may be offering, too.

---

## Customize your recording from our call script:

Hello, this is [Name] and I'm the [Title] at [School]. I'm calling to remind you that on [Day, Date], your child will take the PSAT™ 8/9. This test offers your child a pressure-free way to start exploring their path to college and a future career.

Every student who takes the PSAT 8/9 will get a personalized online score report. This report includes detailed information about your child's strengths and areas for growth, identifying where they excel and where they can get better during high school to be ready for college.

The PSAT 8/9 can also help students explore college majors and careers that align with their personal interests with Roadmap to Careers, a unique online tool created by Roadtrip Nation and the makers of the test. The tool connects students to potential careers based on the things they love, showing where they can lead in the future.

Your child's PSAT 8/9 score report can even show specific AP® courses they have potential to do well in during high school. Taking even one AP class is a great way for them to show potential colleges what they can do. In addition, knowing where they excel and what skills they should work on can help them choose other 9th- and 10th-grade classes.

We welcome [parents and families] to attend our [College Planning, Open House, Parent Night] on [Date, Time, Location] to learn more about the PSAT 8/9 and getting ready for college. To learn more about this event, visit our school website at [URL], or call [XXX-XXX-XXXX].
