

SAT Subject Tests™ Percentile Ranks

SAT®

2012 College-Bound Seniors

This table allows you to compare a student's scores with the performance of other test-takers. The percentile rank shows students what percentage of college-bound seniors earned a lower score than they did. A student with a Literature score of 600, for example, can see that 43 percent of test-takers scored lower.

Please note that the population of test-takers differs from test to test and from the larger group that takes the SAT®. For this reason, scores and percentiles of different SAT Subject Tests™ cannot be compared.

Score	Literature	History and Social Studies		Mathematics		Science				Score
