

Help Clear Their Path to College with the SAT

The SAT Lets Students Show Their Best Work

The SAT® is a globally recognized college admission test that's accepted at all U.S. colleges. Millions of students take the test each year as a step on their path to college. Redesigned in 2016, the SAT makes it easier for students to show their best work.

Actionable Data

Both you and your students get detailed SAT score reports in our secure, easy-to-use online score reporting portals.

The SAT reflects state standards, and you can use the data from the test for instructional planning to improve college and career readiness. Students can understand and act on their test results. You can also see your students' results for the entire SAT Suite of Assessments (SAT, PSAT/NMSQT®, PSAT™ 10, and PSAT™ 8/9), as well as the SAT Subject Tests™, all in one place.

Free SAT Practice on Khan Academy

Official SAT Practice on Khan Academy® is FREE for all students and the best way to prepare for the SAT. Created by Khan Academy and the makers of the SAT, Official SAT Practice gives students a practice plan built just for them. When they link their College Board and Khan Academy accounts, students get a personalized study plan based on their results on tests like the PSAT 10, PSAT/NMSQT, or SAT so they can focus on the skills they need to work on most. Students also get access to:

- Thousands of practice questions with instant feedback
- Full-length practice tests
- Video lessons that explain questions step by step
- Studying and test-taking strategies

Research shows that students who spend 20 hours on Official SAT Practice gain an average of 115 points from the PSAT/NMSQT to the SAT.

Students can access free, personalized SAT practice anytime, anywhere at satpractice.org.

You can use Official SAT Practice coaching tools to view SAT practice recommendations and progress for entire classes and individual students, making it easier than ever to get your students ready for the SAT.

Career and Future Planning Tools

The SAT also connects students to additional valuable resources:

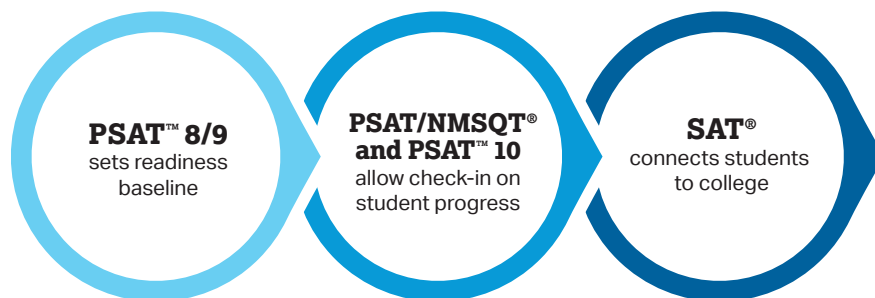

- Career Finder from the College Board and Roadtrip Nation is a free, online career exploration tool.
- Student Search Service® is another free resource that directly connects students who opt in to colleges and scholarship programs looking for students like them.
- BigFuture™ is a free college planning tool, designed to support students from their first thoughts about college to their first day on campus.

Fee Waivers

Don't let fees hold your students back. Income-eligible 11th- and 12th-grade students receive SAT fee waivers, unlimited SAT score sends, and college application fee waivers, so they can take the SAT and apply to college—all for free.

Complete the Suite

The SAT Suite of Assessments reflects what students are already learning in their classrooms and gives you benchmarks for assessing students' progress as they enter and move through high school. The tests share a common score scale, making it easier to measure growth.
