

SPRING 2018

# SAT School Day

**OFFER THE SAT IN SCHOOL, ON A SCHOOL DAY\***

## 2018 SAT School Day Test Dates

MAR  
7MAR  
21APR  
10APR  
24[sat.org/school-day](http://sat.org/school-day)

\*For testing outside any state-provided test dates.

SAT® School Day offers four opportunities in spring 2018 for schools and districts to offer the SAT to students in school, on a school day.

If your school is participating in state-provided testing, you can use the information provided here to order additional assessments for a test date not covered by your state contract.

## Order Online

For the first time, the entire SAT Suite of Assessments—including the SAT, the PSAT/NMSQT®, PSAT™ 10, and PSAT™ 8/9—is available to order online, all in one place. You'll also be able to administer any of the tests in the SAT Suite at the same time. Schools order test materials, and districts can monitor school orders through a district dashboard.

IMPORTANT: The ordering information provided here does not apply to state-provided assessments.

### Sign Up, Sign In, Order

**SAT School Day supervisors need two things:**

1. An account at [ordering.collegeboard.org](http://ordering.collegeboard.org).
  - ♦ If you have previously used the online ordering site to order PSAT-related assessments, sign in with the same username and password.
  - ♦ If this is your first time registering, sign up for an account.
2. Your school and access codes.

### Order Early and Prepare

Ordering materials before the winter break guarantees early delivery of answer sheets.

We strongly encourage schools to hold preadministration sessions with students. When students complete preadministration activities before test day, they can focus on what matters most.

Order online at  
[ordering.collegeboard.org](http://ordering.collegeboard.org).

# The Basics

## Fees

	TEST FEE	UNUSED TEST FEE
<b>SAT</b>	\$46 per student	\$23 for each unused test book exceeding 20% or 20 test books (whichever is greater)
<b>SAT with Essay</b>	\$60 per student	\$30 for each unused test book exceeding 20% or 20 test books (whichever is greater)

Schools won't receive refunds for unused tests (standard or accommodated). All test books, used and unused, must be returned as instructed in the supervisor manual. These fees may not be applicable to schools participating in a contract.

### Fee Reductions for Low-Income Students

If you are testing students who meet low-income guidelines, fee reductions and other benefits may apply. Test fees for qualified students are \$8 per SAT (without Essay) and \$15 per SAT with Essay.

See the following page for more information about benefits for your low-income students.

To redeem fee reductions and other benefits, you'll need to generate an invoice online and identify students who are eligible for fee reductions; otherwise, your school will be responsible for the payment of all test fees.

## Testing Time

Students must test in school, starting at the same time, and complete the test before lunch is scheduled.

	ACTUAL TESTING TIME	ADMINISTRATION ACTIVITIES TIME	TOTAL TIME
<b>SAT</b>	3 hours	50 minutes (approximately)	3 hours and 50 minutes
<b>SAT with Essay</b>	3 hours and 50 minutes	50 minutes (approximately)	4 hours and 40 minutes

Students testing with approved accommodations may be eligible for extended time. See [collegeboard.org/ssd](http://collegeboard.org/ssd) for details.

## SAT School Day Important Dates—Spring 2018

MARCH 7 ADMIN	MARCH 21 ADMIN	APRIL 10 ADMIN	APRIL 24 ADMIN	! ACTIVITIES

\* No SAT School Day makeup administration is available for schools testing on April 24.

! = DEADLINE

Go to [sat.org/school-day](http://sat.org/school-day) for a complete list of important dates.

# Benefits

SAT School Day helps you clear a path to college by giving all your students a chance to show colleges they're ready.

## Offering the SAT on a School Day:

- **Supports equity.** When students have the opportunity to test at their own school, they're more likely to take the test. By providing a college admission test in school, you're also supporting a college-going culture for the whole school.
- **Expands access.** When students take the SAT in school during the school day, they don't have to juggle weekend responsibilities or find transportation. All students who take the SAT can send their scores to as many as four colleges and scholarship organizations for free.
- **Increases comfort.** Students have lower stress levels when they test in a familiar setting with people they know.
- **Builds confidence.** Nothing builds confidence like practice, and the SAT is the only admission test that offers free, personalized practice plans for all students. Official SAT Practice on Khan Academy® provides every student with a practice plan built just for them.

## Free Practice

When students link their College Board and Khan Academy accounts, students get a personalized study plan based on their results on tests like the PSAT/NMSQT® or SAT so they can focus on the skills they need to work on most. Students also get access to:

- Thousands of practice questions with instant feedback
- Video lessons that explain problems step by step
- Eight full-length practice tests
- Studying and test-taking strategies

Educators can use Official SAT Practice coaching tools to view practice recommendations and progress for entire classes and individual students.

---

**Research shows that students who spend 20 hours on Official SAT Practice gain an average of 115 points from the PSAT/NMSQT to the SAT.**

---

Learn more about connecting your students to Official SAT Practice at [satpractice.org/k12](https://satpractice.org/k12).

Students can access free, personalized SAT practice anytime, anywhere at [satpractice.org](https://satpractice.org).

## Actionable Data – Available Online

Both you and your students get detailed SAT score reports in our secure, easy-to-use online score reporting portals. For K–12 educators, we release scores through an integrated score reporting portal, which supports using data to inform instruction through standard reports, interactive data analysis tools, and secure file downloading. All tests in the SAT Suite share a common score scale, making it easy to track performance across test and monitor progress over time.

Online score reports assist instructional and curricular planning by providing:

- Benchmarks that indicate whether students are on target for college and career training.
- Data for teachers to use to prescribe interventions when students are behind or need to accelerate.
- Test subscores in specific content areas tied to state standards.

## Benefits for Low-Income Students

Schools receive a fee reduction for eligible students. In addition, each qualified student receives:

- Eight score sends (instead of the standard four) available to use at any time during high school
- Four college application fee waivers
- Student Answer Service (SAS) or Question-and-Answer Service (April 10 administration only)
- Reduced test fees

Visit [sat.org/school-day](https://sat.org/school-day) to determine if your students are eligible for fee reductions.
