* Not calculated when there are fewer than 25 candidates in a category.

** The statistics here are for test takers who have studied Japanese for 2–3 years. The data collected for this table did not distinguish between 2 and 3 years of study for Japanese.

*** Technically, there are no native speakers of Latin. The test takers in this category did not study Latin primarily in grades 9–12. Their knowledge of Latin came from study prior to the ninth grade, courses taken at a college, or special study.

† This table is based on data from the 2016–2018 graduating classes.
